U = companies under official purchase offer

X = listed during year 2002

Y = New on O-list from New Market under year 2002, all account on O-list incl. trading on New Market.

* SinterCast AB is listed from June 12, 2002 without serial indication (for total turnover, see also SinerCast B under shares delisted)

1) Total turnover during the year divided with the average exchange value during the year.

2) Number of days with transactions during the year in relation to the total amount of exchange days during the year.

3) States the difference between buy and sell price in relation to the average buy and sell price.

This spread is based on the average of every days' last buy and sell price during the year.
