2010-06-02

Version 1.0

Date	Revision	Change Description
2010-06-02	1.0	First version

## Background

This document covers minor changes and modifications to the latest TIP document (version 2.2.0.0). The changes and modifications listed below will be incorporated in the next release of the TIP specification.

## Revision 1.0

### Section 19.7 IndexClosingValue

IndexClosing value message - field *ClosingType* = 2 is not used and is therefore removed.

### Section 22.1 DCSUpdate and 22.2 DCSStatistics

The description for the field *SecurityType* is changed from “Security type of the underlying” to instead read “Security type”
